43. CRITERION 5: VALUE FOR MONEY AND EFFECTIVE FINANCIAL PLANNING

In assessing your budget proposal in Part B of the application reviewers will consider a number of factors. You will need to address exactly how you plan to spend the Prize money, demonstrating value for money and ODA compliance. Prize funding must be used for activities that will advance the future research and innovation work outlined in the proposal and as the Newton Prize is funded by the Newton Fund, it must be spent on research and innovation activities that will address development challenges and therefore be [ODA eligible](#).

The following will be assessed:

- The feasibility of the proposed project given the level of funding applied for i.e. is the funding sufficient to deliver the impacts sought?
- Has it been demonstrated that the money bid for is value for money and realistically spendable within the 2021/2022 financial year?
- Does it comply with eligible costs and [ODA requirements?](#)
- Confirmation that no more than 50% of the total prize fund applied for will be spent in the UK.

To note, applicants must demonstrate that the Prize money will not be used to cover outstanding costs of their original award but to fund a new package of work, or another aspect of their work not previously done or funded as part of their original Newton Fund grant.

Please also note: BEIS will pay Newton Prize money quarterly in arrears
